

Gaming Equipment Approval Application Form

- Under Part VII of the Law Regulating the Establishment, Operation, Function, Supervision and Control of Casinos and Related Matters of 2015 (Law) and Regulation 26 of the Casino Operations and Control (General) Regulations of 2016 (Regulations), the Commission must approve or exempt from approval all gaming equipment to be used in the Cyprus Integrated Casino Resort (ICR). This application form should be used for approval of gaming equipment, including gaming machines, electronic monitoring systems, gaming tables, electronic gaming tables, chips, dice cards and parts of, or accessories of any such machine, equipment or systems for use in the ICR.

Application for approval of gaming equipment for use in the ICR may **only** be made by the ICR or by the holder of a Gaming Supplier licence issued by the Commission. Where the supplier of gaming equipment does not hold a Gaming Supplier licence issued by the Commission the ICR must make the application for approval of the gaming equipment.

- Please read the Gaming Equipment Approval Application Form Guidance Notes before completing this application form. Note under Regulation 26(1), the Commission may waive all or part of the approval requirements in certain circumstances. If the applicant believes that it qualifies for this exemption, it should contact the Commission.
- Separate applications must be made for each type of gaming equipment for which approval is sought.
- If you make a mistake, please fill in the box and write the correction as near to the mistake as possible. **Do not use correction fluid.**
- If there are **any** changes to your circumstances, or if **any** of the information contained within this form changes during the period between submitting your application and your application being determined, you **must** notify the Commission immediately. Failure to do so could result in your application being delayed or cause the decision on your licence to be reviewed.
- If the application fee, and if required an investigation fee, is not provided, the form is completed incorrectly or supporting documentation is missing or not provided upon request, your application will be delayed, and this may result in your application being determined based on the information we have available which may affect the decision on whether approval can be granted.
